      Pass 2:
      Map data after object module synopsis:
      Symbol table output:
Total run values:
Using a working set limited to 1050 pages and 50 pages of data storage (excluding image)
Total number object records read (both passes): 260 of which 121 were in Libraries and 2 were DEBUG data records containing 89 bytes
Number of modules extracted explicitly
     with 3 extracted to resolve undefined symbols
24 library searches were for symbols not in the library searched
A total of 5 global symbol table records was written
